LATE BREAK IN WHEAT

IT OPERATES AS A BEAR INFLUENCE IN ALL PITS.

Oats the Only Grain to Establish Small Advance-Provisions Close at Slight Losses.

CHICAGO, March 13.-There was a variety of experiences in the grain pits today. Weakness characterized the opening; good strength developed later, particularly in the coarse grains, but in the end the usual spring-time decline seemed to be in order and May wheat closed %pic lower, corn 1/2%c lower and oats 1/3c higher. Provisions, after opening strong, closed a shade to 5c lower. There was little decisive news in wheat. Cables were not responsive, Northwestern

receipts were increased enough to be bearish, and it was generally conceded that there was rain enough for the wheat States for the present. The weather was seasonable and statistical journals gave decidedly bearish advices. Under these influences May wheat opened 1/01/sc lower at 761/sc to 76%c. Corn showed some strength and helped wheat back to its yesterday's closing position. There seemed for a time to be an effort on the part of local leaders to bull the market, but the covering, which advanced May, gave way on heavy selling for St. Louis, and it was evident that it was bolstering that aided the tone. Spring wheat seeding has been started and there seemed to be an inclination to let wheat find a level for export. Advices from the East say that foreign markets are preferring Manitoba wheat to our exports. worst wheat fields and damage reports still ame to hand. The selling, however, depressed the price of May to 75%c and the close was weak, %@lc lower at 75%2075%c.

DULUTH, March 13.—Wheat—Cash, No. 1 hard, 76%c; No. 2 northern, 73%c, May, 74%c; July, 75%c; Manitoba, No. 1 northern, 68%c. Corn, 61c. Oats, 42c. Farmers are reported plowing up their worst wheat fields and damage reports still came to hand. The selling, however, depressed the price of May to 75%c and the ty days, \$4.88% on demand. New York ex- | Local receipts were 40 cars, one of contract a total of 422, against 265 last week and 294 BOSTON.-Clearings, \$24,204,514; balances, a year ago. Primary receipts were 447,000 MILWAUKEE, March 12.-Barley firm; No. 2, bu, compared with 461,000 last year. Sea- 64%c; sample, 55@64c. board clearances in wheat and flour equaled 504,000 bu. The seaboard reported ou loads taken for export.

Corn made the best show of strength of any of the pits. Prices were at a little de- 2,730 cline at the opening, in sympathy with wheat. Good support, however, developed at once. Southwestern markets were higher and sent in buying orders. Cables were rlightly up, receipts were small, the in-terior movement was slow and reports had creams, large fall made, fancy colored, 11% @ it that there was a good feeding demand. 12c; full creams, large fall made, fancy white, There was also a fair immediate shipping demand. Prices soon broke away from the depressing influence of wheat and even helped that cereal to some extent. May corn easily sold up to 62%c. Then came the wheat break and liberal selling of corn on spring influences followed. May lost its | 16c. Cheese unchanged; New York full creams, hold and slid off to 61%c, closing at that fancy small, 12%c; New York full creams, fair figure, weak and 1/20%c lower than yester- to choice, 101/20131/20 day's close. Receipts were 112 cars. There was some small action in May oats, and for a time it was thought the expected flurry was at hand. Prices of other options

were slightly lower, but May started unchanged. There was only a small demand, but the corn strength held prices up until almost at the close. The heavy long holdings in May options kept the shorts on tenter-hooks. When corn and wheat broke May lost some of its gain, but other options closed easy. May closed &c higher at 45%c. Receipts were 86 cars. Provisions ruled rather steady. The open-

ing was firm and higher on better prices for hogs and there was a further advance on buying of pork and some ribs. Brokers supplied the demand easily and the late grain weakness took the strength out of the market. May pork closed 5c lower at \$15.40, lard 21/2c down at \$9.40 and ribs a shade off

Estimated receipts for to-morrow: Wheat, 30 cars; corn, 90 cars; oats, 70 cars, hogs, Leading futures ranged as follows: Articles. Open- High-Wheat-

March.

With rushing winds and gloomy skies The dark and stubborn winter dies: Far-off, unseen, spring faintly cries, Bidding her earliest child arise: By streams still held in icy snare,

On Southern hillsides, melting bare, O'er fields that motiey colors wear, That summons fills the changeful air: What, though conflicting seasons make Thy days their field, they woo or shake The sleeping lids of Life awake, And hope is stronger for thy sake,

> -Bayard Taylor. To Be Sure!

.. The Wonder of the Age ... THE "OMEGA" ODORLESS

SANITARY GAS STOVE A decided innovation in gas heating. Unique, scientific. Destroys injurious products and organic matter by intense heat. ENGLISH.—From opinion of George Rudd Thompson, F. E. C., F. M. R. S., etc., Public Analyst, Newport, Eng.

"In my opinion the maximum of heat is evolved by the combustion of the minimum of Gas, without any smell or undue dryness of atmosphere. The theory of stove is, in my opinion, perfect and the result ditto. The percentage of carbonic acid is not sensibly raised in a closed room after ten hours' burning, and the air is not dried to an appreciable extent. I am simply delighted with it, and am quite in a position to recommend it for offices, sick-rooms,
